MRU | design projects

Vetiver is a wellness center, market, and dermatology clinic aiming to support positive mental health by providing alternative solutions to aid in patient care. It blends the ideas of alternative care to create a space that is all around therapeutic. Therefore, it is important to thoroughly consider how the built environment will impact mental through the choices of materials, lighting, and overall space planning.

A MOROCCAN RESTAURANT AND MARKET

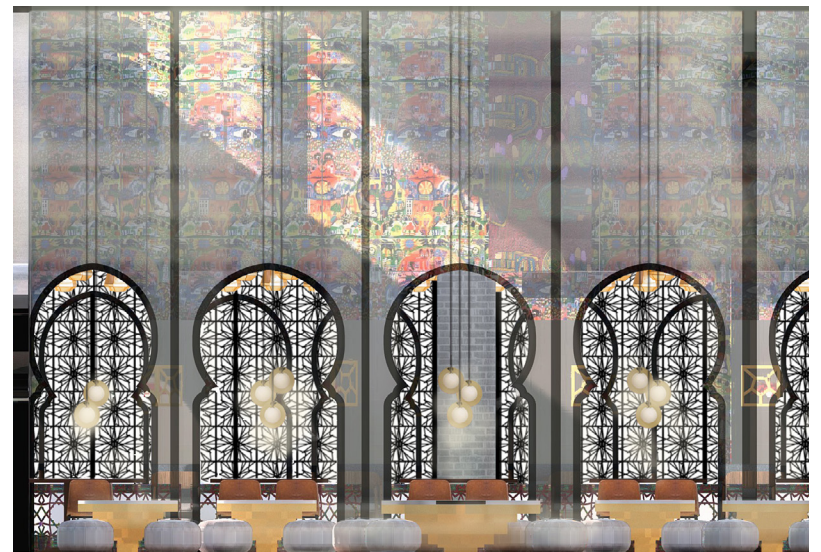

almaghrib | MRU
Floor Plan

This elevation illustrates the entrance gate for the restaurant and market. The geometrical pattern was designed in grasshopper 3D/ Rhino3D. The gate represents a traditional Moroccan pattern in an abstract, contemporary style.
